

## Stock market got YOU down?

**Don't** worry, your not alone. Millions of Americans are feeling the same way. My own mother came over the other day and handed me the local newspaper with headlines "**MELTDOWN**".

"What does this mean for my money?" she asked nervously, "Nothing." I replied rather stoned faced. "We moved your money *out* of the market, *into* something guaranteed not to loose money" I reassured her.

Like most seniors, my mother's biggest concern about her retirement is *outliving* her money. A few years ago she made the transition from the wealth- accumulation stage, to the wealth *preservation* stage, a smart move on her part.

Here's what other satisfied clients have to say:

**"Scott is always there for us. He is never too busy to answer our questions."**

- Rick and Joan Johnson

Call now and schedule your **free**, no-obligation appointment and see how you can transition from wealth-accumulation into the wealth-preservation stage. Call Scott Whiting 507-4749. Offer ends Oct.31.
